Accounting specialist turned web developer that invites the challenge of learning new programming languages and frameworks by actively seeking out new technologies and staying up-to-date on industry trends. Skilled at condensing repetitive tasks, implementing efficient technical solutions, and working in tandem with multiple departments in an agile workspace. Key projects involved collaborating with IT to create a software that streamlined accounting duties and organizing a system for open communication with customer's background check ETA.

Skills

Languages: JavaScript, TypeScript, SQL, HTML, CSS
Frameworks and Libraries: React, React Native, Angular, Express, Bootstrap, jQuery

Databases: MySQL, MongoDB

Other: Heroku, Git, Bash, Microsoft Office Suite

Projects

Event Meetup / https://zeniagist.github.io/eventmeetup/   JUNE 2021
React, NodeJS, Gherkin, Google Calendar API, AWS, HTML, CSS
Serverless PWA using Google Calendar API to fetch upcoming events where users can search for a city and view a list of events hosted in the selected city.

Chatterbox / https://github.com/zeniagist/chatterbox   MAY 2021
React Native, Firebase, Expo, Gifted Chat, Android Studio, HTML, CSS
Native mobile chat app that allows users to send pictures and location online or offline stored locally with Google Firestore

filmFlix / https://zeniagist.github.io/filmflix/   APRIL 2021
Angular, TypeScript, Node.JS, Express, MongoDB, Passport, HTML, CSS
Provides users with the access to information about different movies, directors and genres. Users are able to sign up, update personal information, and create a list of their favorite movies.

Experience

JULY 2020 – PRESENT (RETURNED AT COMPANY'S REQUEST)
JANUARY 2016 – JUNE 2018
Accounting Specialist / HireCall/Trak-1 Technology - Tulsa, OK

Created monthly process for company budget and expense reporting to ensure all payroll transactions are processed in a precise and timely manner. Implemented new method for accurate record keeping for executing credit card reconciliations and reviewing invoices for appropriate documentation prior to payment.

JUNE 2018 – JULY 2020
Outbound Client Engagement Specialist / Peoplefacts - Tulsa, OK

Developed a complete QA program for the background check report ETAs which fostered an open communication between the customers and criminal verification team. Established new standards for communication to customers about criminal record search ETAs and created testing protocols for improvements.

Education

JUNE 2021
Full-Stack Immersion Certificate / CareerFoundry - Online Bootcamp

MAY 2020
AS in Computer Information Systems / Tulsa Community College – Tulsa, OK
